

# Haven video prompts

*Video-generation prompts for every Haven diary entry*

---

## Batch 3 -- the remaining nineteen (everything before "The box")

The last of the 31 entries with no real video. Same two-clip-stitched approach as batch 2 (10s + 10s, or 10s + 5s), same base block, same export settings, same negative prompt. Eight of these carry real weight in the story (the proposal, the wedding, Rahul's reunion, the affair beginning and escalating, the first anniversary, the very first recording) and get 20 seconds; the other eleven are the ordinary life around them and get 15. Outfits and lighting are chosen not to repeat anything from batches 1-2.

### **HAV-001 Day one -- 2018-11-02.mp4 -- 20 seconds (2 clips) -- timestamp "02-11-2018 23:10"**

Night, a single lamp, curtains fully shut, the room barely lived-in-looking, a box of tissues on the desk. Hair down, unwashed, an oversized grey college hoodie pulled over her hands. No makeup, eyes swollen.

**Clip 1 (0:00-0:10).** She stares at the lens for a beat before speaking, voice unsteady. "Okay. Okay, this is -- I don't know how to do this." A shaky breath. "Priya said talking helps, and I can't talk to people right now, so. Hi, camera." Wipes her nose with her sleeve. "It's been nineteen days. The app says nobody can see this. Not even them. So I guess this is where I put all of it."

**Clip 2 (0:10-0:20), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation.** "Dad's chair is still by the window. Mum keeps setting two cups out." Her voice catches. "I keep waiting for him to call at nine, like he always did. And then I remember." Long pause, looking down. "I'm not okay. I'm going to say that here so I don't have to say it out loud anywhere else." Reaches for the trackpad. End.

### **HAV-002 Sleeping again -- 2018-11-20.mp4 -- 15 seconds (2 clips) -- timestamp "20-11-2018 20:12"**

Night, lamp on, a little steadier than the first entry but still drawn. Hair in a low ponytail, an old faded band t-shirt. Bruno's head is just visible resting on her lap at the bottom of frame.

**Clip 1 (0:00-0:10).** A tired half-smile. "Slept six hours last night. Six." She looks down at Bruno. "Writing that down like it's an achievement. Because it is." Scratches the dog's ear off-screen.

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** "Arjun keeps showing up with food I didn't ask for. Tonight it was terrible biryani, and I ate all of it." Small, real smile. "I don't know what I'd do without him." Reaches for the trackpad. End.

### **HAV-003 Bruno is four -- 2019-03-14.mp4 -- 15 seconds (2 clips) -- timestamp "14-03-2019 10:27"**

Bright late morning, real daylight through the curtain, no lamp needed. Hair in a messy bun, a yellow cotton kurta. A young dog keeps trying to climb into frame from below, camera shaking slightly whenever he moves.

**Clip 1 (0:00-0:10).** Laughing, trying to hold the dog still. "Birthday boy! Say hi, Bruno." The dog doesn't cooperate; she laughs harder. "He won't say hi. He got a cake made of chicken and he's currently trying to sit in my lap, which is why the camera keeps shaking."

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, same dog, seamless continuation, five seconds only.** "Four years old and still convinced he's a lapdog." Grins at the lens. "Posted the photo. Rahul already commented something rude about the dog having better hair than me." Shrugs, still smiling. "Fair." End.

#### **HAV-004 Rain -- 2019-07-20.mp4 -- 15 seconds (2 clips) -- timestamp "20-07-2019 19:47"**

Evening, rain audible faintly against a window off-camera, lamp on, cosy rather than sad. Hair damp, a soft oversized flannel shirt over a tank top, a steaming mug on the desk.

**Clip 1 (0:00-0:10).** Relaxed, a little bored. "It's been raining since Tuesday and I've done nothing but sketch app screens for a client who keeps saying 'make it pop'." Sips from the mug. "I don't know what that means. Nobody knows what that means."

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** "Made pakoras. Watched the same show a third time." Glances off-camera, softening. "Boyfriend fell asleep on the sofa twenty minutes in." Catches herself, half-laughs. "Husband-to-be. He's not -- ignore that." End.

#### **HAV-005 One year -- 2019-10-14.mp4 -- 20 seconds (2 clips) -- timestamp "14-10-2019 21:17"**

Night, one lamp, dressed slightly formally still from the temple -- a plain cream cotton saree draped simply, minimal jewellery not yet removed, a small dot of sandalwood paste on her forehead. Eyes red.

**Clip 1 (0:00-0:10).** Quiet, drained. "One year. We went to the temple -- Mum, me, Arjun." A breath. "Mum was fine until the priest said his name. And then she wasn't."

**Clip 2 (0:10-0:20), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation.** "I keep thinking about the last thing he said to me. 'Drive slow.' Which is so him it hurts." Looks down. "The police were very kind a year ago. And very final. He went up to the rock alone, he slipped, it happens in that forest every year, case closed." A hard swallow. "I asked for a copy of the file back then. They gave me five pages. A whole person, five pages." Reaches for the trackpad. End.

#### **HAV-006 Lockdown brain -- 2020-06-05.mp4 -- 15 seconds (2 clips) -- timestamp "05-06-2020 17:22"**

Late afternoon, flat daylight through a half-open curtain, laptop still open beside her from a work call. Hair in a claw clip, a plain oversized sweatshirt, visibly a little stir-crazy.

**Clip 1 (0:00-0:10).** Rubbing her lower back. "Day whatever of working from the dining table. Three video calls today, and in two of them Bruno barked at the courier and everyone laughed and went back to talking about conversion funnels."

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** "Arjun made banana bread. Apparently that's the law now." A small, genuine smile. "It was good. This is what a diary looks like when nothing happens. That's allowed." End.

#### **HAV-007 He asked -- 2020-08-17.mp4 -- 20 seconds (2 clips) -- timestamp "17-08-2020 20:57"**

Night, lamp on, glowing rather than dim -- warmer colour temperature than usual. Hair down and a little wild, still in the outfit from dinner out, a small ring visible on her hand that she keeps glancing at. Genuinely

radiant, can't stop smiling.

**Clip 1 (0:00-0:10).** Breathless, grinning. "So. Arjun proposed. On Dad's birthday." Holds her hand up to the lens for a second, ring catching the lamp light, then pulls it back, laughing. "He said he'd been carrying the ring for two months, and he wanted to ask on a day that already meant something."

**Clip 2 (0:10-0:20), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation.** Eyes welling, still smiling. "And then he told me he asked Dad's photo first, this morning, while I was in the shower." Presses a hand to her chest. "I lost it. Obviously I said yes." Looks at the ring again. "Seventeenth of August. It's going to mean two things now." Reaches for the trackpad. End.

### **HAV-008 Married -- 2021-02-15.mp4 -- 20 seconds (2 clips) -- timestamp "15-02-2021 09:12"**

Morning, bright natural window light, no lamp needed. A white hotel bathrobe, hair still half-pinned with wedding-morning hairpins coming loose, a trace of yesterday's mehndi visible on one hand. Glowing, soft, unguarded.

**Clip 1 (0:00-0:10).** Laughing at herself. "I'm married." Gestures at the bathrobe. "I'm recording this in a hotel bathrobe." Shakes her head, still smiling. "We snuck out this morning before the family woke up and went to Rose Cafe. The one where we met."

**Clip 2 (0:10-0:20), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation.** "Sat at the same table by the window. The same waiter was there -- I swear it was the same waiter -- and he didn't recognise us at all." Eyes shining. "Arjun ordered the same thing he ordered the first day." Wipes under one eye, laughing through it. "I don't know why that made me cry. Good crying. Everything is good crying today." Reaches for the trackpad. End.

### **HAV-009 Work again -- 2022-01-09.mp4 -- 15 seconds (2 clips) -- timestamp "09-01-2022 18:37"**

Night, lamp on, still in a blazer over a plain top, laptop bag visible on the bed behind her, just back from the office. Hair pulled back neatly, a little worn out.

**Clip 1 (0:00-0:10).** Loosening a top button, exhaling. "New year, same deadlines. Lead designer now, officially, which mostly means more meetings about meetings." A small smile. "Divya's a good manager though. She actually pushes back on the sales guys."

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** "Arjun's travelling again. The flat's very quiet, just me and the dog." Considers this. "Some days I like it. I'm not sure what that says." End.

### **HAV-010 Old man -- 2022-08-09.mp4 -- 15 seconds (2 clips) -- timestamp "09-08-2022 17:57"**

Early evening, soft warm light, relaxed after a walk -- a plain t-shirt, hair damp at the hairline, a leash still looped over her wrist.

**Clip 1 (0:00-0:10).** Fond, amused. "Bruno's walks are slower now. He stops at every tree like he's reading the news." Glances down and to the side, as if at the dog off-camera. "Seven years old."

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** "Vet says his hips are fine. He's just dramatic." A small grin. "Which -- he learned it from me." Reaches for the trackpad. End.

### **HAV-011 Reunion -- 2023-05-07.mp4 -- 20 seconds (2 clips) -- timestamp "07-05-2023 10:47"**

Late morning, curtains half-open, visibly rough -- hair unbrushed, sunglasses pushed up on her head, an old oversized college-reunion t-shirt clearly slept in. A glass of water on the desk.

**Clip 1 (0:00-0:10).** Squinting slightly, wry. "Still hungover from the reunion." A small laugh, wincing. "Everyone's exactly the same and also completely different. Rahul hasn't changed at all -- still the loudest person in any room. Still calls me 'Kapoor' like we're twelve."

**Clip 2 (0:10-0:20), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation.** Softer now, a little far away. "We ended up on the terrace at two a.m. talking about the cave. Our secret kingdom." A small, real smile. "When I wanted to disappear as a kid, there was one place nobody could find me. He was the only other person on earth who knew about it." Pause. "He got quiet when Dad came up. Dad basically half-raised him, after his own father left." Reaches for the trackpad. End.

### **HAV-012 Distance -- 2023-11-11.mp4 -- 15 seconds (2 clips) -- timestamp "11-11-2023 19:37"**

Night, lamp on, still in office clothes, tie/dupatta loosened, visibly tired in a flat, worn-down way rather than dramatic.

**Clip 1 (0:00-0:10).** Quiet, a little defeated. "Arjun and I had the same fight again. The one that's not really about the dishes." A small, tired breath. "He works late, I work late. We pass each other in the kitchen like colleagues."

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** "I love him. I just don't remember the last time we talked about anything that wasn't logistics." Looks at the lens, resolving something. "I'm going to try harder. I'm going to plan something." End.

### **HAV-013 I did something stupid -- 2024-03-22.mp4 -- 20 seconds (2 clips) -- timestamp "22-03-2024 21:52"**

Night, only the laptop screen's blue-white light on her face, everything else dark. Hair down, a plain black camisole under an unbuttoned shirt thrown on hastily. Visibly shaken, arms wrapped around herself.

**Clip 1 (0:00-0:10).** Won't quite look at the lens at first. "I'm not going to say it. I'm not even going to say it here." A shaky breath. "And this thing is locked with a password only I know."

**Clip 2 (0:10-0:20), continuing from the previous clip -- same room, same lighting, same woman, same posture, seamless continuation.** "It was one evening. It was a work thing, and then it wasn't a work thing, and he walked me to the car, and I --" Stops herself, presses a hand over her mouth briefly. "Nothing happened. Something happened. Nothing that can't be undone." Looks at the lens, urgent. "I'm going to delete his number. I'm recording this so tomorrow I remember I said I'd delete his number." Reaches for the trackpad. End.

### **HAV-014 Nothing much -- 2024-04-30.mp4 -- 15 seconds (2 clips) -- timestamp "30-04-2024 18:17"**

Evening, lamp on, deliberately ordinary -- a plain kurta, hair in a simple braid, trying visibly hard to look unremarkable.

**Clip 1 (0:00-0:10).** Flat, a little forced-casual. "Bruno's new vet is nice. Work is work. I made dal." A small, tight exhale. "Arjun's mum called to ask when we're having children. Fun call to get on a Tuesday."

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** A beat too long before she speaks. "That's it. That's the entry." Looks away from the lens, then back, quieter. "I didn't delete the number. I'm aware." End.

**HAV-015 Photographer -- 2024-05-16.mp4 -- 15 seconds (2 clips) -- timestamp "16-05-2024 20:27"**

Evening, lamp on, a soft pink t-shirt, hair loose, phone visible face-up on the desk beside the laptop.

**Clip 1 (0:00-0:10).** Mildly distracted, glancing at the phone once. "Priya's frantic about Ritu's wedding photos. Asked me who shot Ritu's own wedding and I've completely blanked." A small laugh. "Kunal Studios? Kunal something. I said I'd check."

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** Her expression flickers, more guarded. "Also she asked, very casually, if 'everything's okay with me'." A beat. "Which means she's noticed something." Forces a small smile. "I'm fine. I'm fine." End.

**HAV-016 Four times -- 2024-06-21.mp4 -- 20 seconds (2 clips) -- timestamp "21-06-2024 22:05"**

Night, lamp on, tense, still dressed from the day, phone and a printed-out email visible on the desk. Keeps glancing at the printout.

**Clip 1 (0:00-0:10).** Picks up the printout, sets it down again. "He emailed me. Not a text -- an email, like it's 2009." A humourless breath. "Because he says the phone feels too risky." Looks at the lens. "He's right. It is."

**Clip 2 (0:10-0:20), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation.** "I read it four times." Rubs her forehead. "I'm going to reply in the morning, when I'm thinking straight. And I already know what I'm going to say, which is the problem." Quiet, almost pleading with herself. "I have a husband. I have a whole life." A pause. "I keep saying that like it's a spell that'll work if I say it enough times." Reaches for the trackpad. End.

**HAV-017 Trip -- 2024-07-01.mp4 -- 15 seconds (2 clips) -- timestamp "01-07-2024 19:22"**

Evening, lamp on, a soft striped pajama top, hair down, phone showing a flight-booking screenshot visible briefly in her hand before she sets it down.

**Clip 1 (0:00-0:10).** Sets the phone down, looks at the lens, resolved. "Arjun forwarded the flight booking for the trip. He's excited. He's been planning it for weeks, sending me links to places to eat."

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** Steadier now, almost making a vow. "I'm going to go, and I'm going to have a good time, and I'm going to be the person he thinks he's married to." A small, wry breath. "That's a promise. To this camera. Which is a strange thing to make promises to." End.

**HAV-018 Thursday -- 2024-07-19.mp4 -- 20 seconds (2 clips) -- timestamp "19-07-2024 22:27"**

Night, lamp on, visibly worn thin -- makeup slightly smudged as if it's been a long day out, hair falling out of whatever style it started in.

**Clip 1 (0:00-0:10).** Sits down heavily, exhales. "Thursday happened." A hollow half-laugh. "I told Arjun I had a work thing. I'm getting good at saying that." Looks at the lens, unflinching. "Which is the part that scares

me. Not the rest of it."

**Clip 2 (0:10-0:20), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation.** "N. wants to talk about what this is. I told him not to label it." Presses her fingers to her temple. "I can't hold a label right now. I can barely hold my own face together at dinner." Steadier, quieter. "I'm not a bad person. I'm a person doing a bad thing. And I know the difference." Long pause. "I'm not sure the difference matters." Reaches for the trackpad. End.

## **HAV-020 Normal day -- 2024-08-06.mp4 -- 15 seconds (2 clips) -- timestamp "06-08-2024 19:07"**

Evening, lamp on, ordinary and a little lighter than her recent entries -- a soft plain t-shirt, hair in a simple ponytail.

**Clip 1 (0:00-0:10).** Almost cheerful. "Normal day. Sprint review, Divya was happy." A small laugh. "Bruno stole a chapati off the counter."

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** More thoughtful now. "I'm recording the normal days on purpose. I've noticed the not-normal ones are starting to pile up in here." Looks at the lens directly. "I don't want this to become a place where I only talk when something's wrong." End.

---

## **Batch 2 -- Stop, Vet, Drafts**

These three are still on the silent placeholder. Unlike batch 1 (below), these are built from **two separate 10-second generations, stitched together** -- most generators cap out around 10 seconds per run, so a 20-second or 15-second clip is two (or two uneven) clips joined in an editor or with `ffmpeg -f concat`, not one long generation. Clip 2 says "continuing from the previous clip" and repeats the same room/outfit/lighting on purpose -- paste that instruction as-is so the generator doesn't quietly change anything between the two halves.

Same base block as below, same export settings, same negative prompt.

## **HAV-023 Stop -- 2024-08-17.mp4 -- 20 seconds (2 clips) -- timestamp "17-08-2024 21:10"**

Evening, one lamp plus the day's last light through the curtain going blue. Hair down, unbrushed, a mustard-yellow cotton tee. Her phone lies face-up on the desk, screen still lit from a message.

**Clip 1 (0:00-0:10).** She picks up the phone, looks at it, sets it back down face-down, then looks at the lens, flat and tired: "N. says stop. He said it twice, in writing. Then he said we shouldn't talk about this here, delete the thread." She glances at the phone again. "I did. Sort of. I trashed it."

**Clip 2 (0:10-0:20), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, no change in framing.** She sits back, arms crossed loosely. "I know he's scared for me. I know he's probably right." A pause, her voice hardening slightly. "But he didn't know Dad. He doesn't know what it's like to sign a form that says 'accident' and spend six years pretending you believed it." She reaches for the trackpad. End.

## **HAV-026 Drafts -- 2024-08-23.mp4 -- 20 seconds (2 clips) -- timestamp "23-08-2024 22:15"**

Night, lamp on, tipping into late. Hair in a loose low bun, a grey marl oversized t-shirt, sleeves pushed to the elbow. A printed letter sits on the desk, "To whom it may concern" visible at the top; her laptop screen glow lights the underside of her face.

**Clip 1 (0:00-0:10).** She picks up the printed letter, scans it once more. "Wrote to the police. A proper letter. Formal, polite -- 'to whom it may concern', the whole thing." She sets it down, doesn't fold it. "Asking for the full file. The joggers' statements. The phone records they never pulled." Small, humourless exhale. "Then I didn't send it. It's sitting in drafts."

**Clip 2 (0:10-0:20), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, no change in framing.** She pushes the letter aside. "Because whoever emailed me knows I'm looking. And a request from Ravi Sharma's daughter is a flare going up." Looks at the lens, more decided now: "I'll go and find the jogger myself instead. Her name's in the statement." Pause. "Next week. I'll take leave." Reaches for the trackpad. End.

## **HAV-024 Vet -- 2024-08-19.mp4 -- 15 seconds (2 clips, second one shorter) -- timestamp "19-08-2024 20:45"**

Early evening, warm and ordinary, curtain not fully drawn, more light than her other recordings. Hair in a messy bun, a soft coral house tee. A vet clinic printout/receipt on the desk; Bruno's leash hangs off the back of the chair behind her.

**Clip 1 (0:00-0:10).** Half-smiling, tired in an easy way, not the heavy kind. "Bruno's hip thing again. X-rays fine." Holds up the receipt briefly. "He's just getting old. Like the rest of us." Small laugh through her nose.

**Clip 2 (0:10-0:15), continuing from the previous clip -- same room, same outfit, same lighting, same woman, seamless continuation, five seconds only.** "Sixteen thousand rupees to be told my dog is dramatic." Shakes her head, almost fond. "Worth it. Moving on." Reaches for the trackpad. End.

## **The last one pending -- everything else in this batch already has a real video**

*Video-generation prompts for every Haven diary entry*

The other eight from this original batch (The box, Timelines, The gate, You should stop, Watched, Leave, Close, Hide-and-seek) are done -- real 30-second clips already sit in `services/haven/public/videos/`, so their prompts are removed here rather than left to be regenerated by mistake. This is the one still outstanding from that set.

Generator limit is 30 s per clip. Export: MP4, H.264, 1080p, 16:9, no music, no captions. File name is the existing `video\_url` value. Drop it into `services/haven/public/videos/` and rebuild `haven`.

---

### **Base block (paste at the start of every prompt)**

Laptop webcam recording, 16:9, 1080p, slightly soft with mild sensor noise and auto-exposure, one continuous take, no cuts, no music, faint ceiling-fan room tone, realistic lip-sync and natural micro-movements, no captions, no logo, no text other than the timestamp. A young Indian woman in her late twenties, matching the reference photo for face and hair, sits at a small bedroom desk framed chest-up, camera slightly below eye level like a built-in laptop camera. Behind her, out of focus: a bed with a rumpled blanket, a wardrobe door, a curtain. She speaks Indian English with a Bengaluru accent, low voice, real pauses.

---

## HAV-031 If something happens -- 2024-09-02.mp4 -- timestamp "02-09-2024 21:52"

The final recording. Deep night, lamp on, curtain slightly parted behind her with the orange of a streetlight through it. Hair loose, a plain navy long-sleeve top, Arjun's grey zip jacket thrown over her shoulders, too big for her. She is calm in the way of someone past fear. Her phone on the desk buzzes twice during the take; she does not look at it. (0-9) Straight into the lens. "I'm recording this because I need it to exist somewhere he can't reach." Pause. "Rahul's Loop. Every trek photo since 2017. A blue carabiner on his strap in all of them, with the Trail Diaries tag. TD. He was a member in 2018." (9-17) "His number is the 5:48 call in Dad's phone. He's 'R'." Steady. "Dad warned him off three times that year. It's in Dad's handwriting. Dad went up to the rock that morning to end it. Rahul went too. Dad never came down." (17-23) "It wasn't an accident. Rahul killed my father." (23-30) Her eyes flick to the window and back. "He's outside right now. I saw his car from the balcony. He's texting that he just wants to talk. Arjun's at his brother's. N. isn't picking up." A breath. "If something happens to me, it's Rahul. Rahul Nair. It was always..." The clip cuts mid-word to black. End.

---

### Negative prompt (all clips)

music, captions, subtitles, watermark, studio lighting, broad smile, sobbing, second person, camera movement, cuts, scene change, different room
